### LDL Ale

A strikingly true English Ale. This is a mild but flavourful brew, brewed for us locally by Wild Rose Brewery, using only the freshest ingredients.

### Wild Rose Velvet Fog

A special blend of 50% wheat malt & 50% barley malt that gives the Canadian wheat ale its hazy, golden colour and fresh tangy taste.

### Brown Ale

Dark brown and ruby hued, this ale exhibits rich notes of espresso and chocolate, mildly hopped with a medium body, and a clean finish.

### Seasonal

Please ask your server about our seasonal tap from Wild Rose.
